DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. **Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.**

Claim 21 recites "The communication node of claim 12 wherein the communication node is at least ~~one of the group consisting~~ of a terminal, an access point, an endpoint, a gateway, and a routing node".

In comparing to claim 10 that recites "The method of claim 1 wherein the given node is at least one ~~of the group consisting~~ of a terminal, an access point, an endpoint, a gateway, and a routing node.

Examiner believes claim 21 should have been recited as follows:

"The communication node of claim 12 wherein the communication node is at least ~~one of the group consisting~~ of a terminal, an access point, an endpoint, a gateway, and a routing node".

Correction or clarification is requested.

Claims in **current** condition for allowance: 1, 2, 5-13, and 16-24.
